

# SMP12-P

## Portable Fume, Odor & Vapor Collector

- X Plug-n-Go 110-Volt Operation**
- X Nominal 800 CFM**
- X Modular Filter Options:  
HEPA, Activated Carbon,  
Potassium Permanganate**
- X 99% Filter Efficiency**
- X Ultra-Low Maintenance**
- X 7-Ft long, 6-Inch  
Diameter, 360° Self-  
Supporting Flexible Arm**
- X Direct Drive 1 or 1.5-HP  
High Pressure Blower**
- X Heavy-Duty 14 and  
16-Gauge Steel  
Construction**
- X Arm Completely  
Assembled, Ready  
To Connect**

## Effectively Capture Toxic Fumes, Smoke Odors and Vapors At The Source!

The ultra-portable heavy-duty SM12-P is engineered for highly effective and reliable source capture of VOCs, hazardous fumes, noxious odors and toxic vapors from a wide variety of applications — welding, soldering, etching and more.

This compact, super-maneuverable unit gets fume collection right where you need it. Designed to fit easily through standard doorways, the seven-foot articulated flexible arm rotates a full 360° and supports itself in any position.

The 12" capture hood with adjustable flow damper ensures precise positioning and powerful vacuum suction for fast extraction of fumes, odors, smoke and vapors from the operator's breathing zone, *without* inhibiting operator movement.

The SM12-P modular filter system — including HEPA, activated carbon and potassium permanganate Filters — allows you to customize the most effective filtration for your specific contaminant issues.

### SM12-P Specifications

Nominal 800 CFM at Nozzle

Direct Drive High-Pressure Blower  
1 HP - 115/230 VAC  
1.5 HP - 120/1/60 or 230/460/3/60

7' 360° Fully Self-Supporting  
Extension Arm 6"Ø

150-300 Lbs (Per Options)

72-76 dBA
