SPECIFICATIONS

- Width: 37.5"
- Length: 35" - 36"
(Depending on Options)
- Height: 72.5"
- Weight: 260 Lbs.
- Shipping Weight: 340 Lbs.

Forklift Pockets and Huge 18" x 24" Discharge Gate for Easy Removal of Tangled Plastic, Metal or Textile Waste.

power heads for powerful suction, super filter efficiency and massive storage. The 3" x 6" forklift pockets and huge discharge gate make dumping of heavy waste material quick and easy.

Our unique **reverse pulse filter-cleaning** system ensures maximum efficiency.

The push of a button produces a jet of 90-psi air, blasting collected material from the filter, completely rejuvenating it.
